PETITIONING THE COURT

Due to the defendant's substance abuse history, it is respectfully recommended that the conditions of release be modified to include a drug aftercare condition. The defendant has a history of substance abuse which includes snorting cocaine and smoking cocaine. The condition will allow the probation office to properly monitor the defendant through urinalysis and refer to him to treatment should the need arise.

Mr. Williams was given the option of discussing this matter with an attorney prior to signing the modification. The defendant was also advised of his right to request a hearing if he did not agree with the modification. Having acknowledged his rights, the defendant declined the offer to confer with his attorney, and waived his right to a hearing before the Court.

On October 25, 2016, this case was discussed with Assistant U.S. Attorney Anita Eve, who voiced no objections to the proposed modification.

Case Number 94-CR2462-01

This is to notify you that the U.S. Probation Office intends to make a formal request to the Court that the conditions of supervision be modified as follows:
